# Award Winning Venue Styling

*let the magic happen ...*

I specialise in imaginative, creative and award winning venue styling for  
Vintage, Rustic and Boho weddings

*Let's work together to design the wedding of your dreams*

## Venue Styling Package – Core Services

To make it easier to offer you my award winning services, I have put together a Venue Styling package. It offers the following core services and includes decorating your top table plus other key areas and tables. It does not include the guests' tables, but these are added on.

- Table displays for the top table (the top table usually has more than one display and extra decor, depending upon the length/size)
- Decoration of the ceremony table, cake table and card and gift area. This decor is usually similar to a table display but depends upon the space available on each type of table. For the welcome table a prop is provided for people to deposit their cards into and includes a 'CARDS' sign
- Decoration of the aisle and ceremony area to fit in with the style/theme of the wedding
- All of my vintage props are available to decorate your venue. There is no restriction apart from the capacity in my van! Please see my Vintage Hire page for a glimpse of the stock that I have (Vintage Tableware is not included)  
<http://www.wildeandromantic.co.uk/vintage-hire>
- Simple, beautiful, seasonal flowers and foliage as well for table displays and other areas
- Seating plan and signage options, eg blackboards or mirrors (lettering is extra but I do collaborate with a calligraphy artist, see information on page 5). If a stand is needed, I have a selection of easels plus some other options
- Complimentary Table Numbers or names – various options available
- Complimentary White umbrellas in an umbrella stand or wicker basket
- A meeting at the venue once a Booking Deposit has been paid
- Free delivery and collection within Cumbria

Items for table decoration are chosen from my extensive range of vintage ornaments, small props, vintage books, vintage vases, etc, most of which are not available for general hire. We will work together to get the look that you want.

*The price of this package is £700*

# **Styling of Guests' Tables**

On top of the above core services, I will decorate the guests' tables to complement the other decor and this will include table displays that include vintage ornaments and small props, etc plus simple flowers in vintage vessels/vases. These will be styled and set out on the guests' tables.

*The price for each table is £50*

# Floral Arrangements

Beautiful fresh flowers are included in the package and I prefer to use locally grown, seasonal flowers and foliage, so the range available will vary throughout the year. To supplement this, I source British grown flowers from other growers in the UK. I also have a floristry wholesaler's account so other flowers and foliage will also be available outside of the main growing season.

If you want more exuberant flower arrangements there will be an extra cost, but let me know your budget and I can see what I can offer.

You will still need a florist for bouquets, buttonholes and other wedding party flowers.

*"Janet was amazing from start to finish. She totally understood our theme and her attention to detail was incredible! All our guests commented on how beautiful the venue looked and this was thanks to Janet's hard work – from our table centrepieces, to all the quirky props dotted around inside and out, such as the brilliant bicycle filled with flowers and the 'love' ladder. She took all the stress away from us and the magic just happened and we can't recommend her highly enough!"*

*"Janet, thank you so much, you really did save the day and we honestly don't think anyone else could have done a better job!"*

# Calligraphy

If you want to add beautiful lettered artwork to the seating plans and other signage that are included in the package, I work in collaboration with a calligraphy artist, Jill Liley Lettering. Please see her lovely work at [www.JillLiley.com](http://www.JillLiley.com). All the calligraphy shown in this leaflet has been done by Jill. Although we collaborate, you work directly with Jill and pay her separately for her services.

# The Way it Works

In the months before your wedding, we will work together so that I can get an idea of what you want from your wedding.

The day before your wedding I will deliver and set up what I can and then on the day of the wedding, I will come to your venue with an assistant and we will set out everything so that you have the wedding you envisaged.

Usually there is no need for you to buy any other items, but if you have them and wish us to put them out for you, we may be able to do it.

## Other Information

- A Booking Deposit of £100 is required to reserve a date/service. This becomes a Security Deposit and is held until after the wedding/event and refunded, by bank transfer, once everything has been checked back in. I send out an Invoice for the Deposit.
- Payment of the order is due one month before the wedding/event date.
- Services are not reserved until the Deposit has been paid and a Booking Form and Terms and Conditions has been completed and signed online.
- Items or services cannot be removed from the package but they can be replaced with items or services of a similar value.
- Only one Venue Styling package is booked per date so that I can give your wedding/event my full attention.
- I have Public and Products Liability Insurance to the value of £2,000,000.

*"I can't put into words how beautiful my wedding venue looked at Broadoaks Country House in the Lake District. The attention to detail was stunning and exceeded every one of my expectations. Communication on the lead up to was great and left me at such ease. The props and extras were perfect and everything I asked for Janet seemed to have. Thank you so much for contributing to making my day perfect!"*
